Blinds with a view

Custom Blinds Panel Blinds introduces sleek lines and a minimalist design into any home. They are a perfect option for large windows or doors as they are a practical solution.

They offer a very natural and simplistic look. Have them pull to one side for a neat finish or you may prefer them to open at the centre and pull to each side giving a more symmetrical look.

At Custom Blinds we offer you the choice to have each panel with or without battens to create the look that best suits your needs.

The panel blind is easy to use with it's wand control make each panel glide effortlessly across the track.

Mediterranean - add aluminum battens to your panels to add a touch of modern sophistication.

Moroccan - why not add timber battens to create a sense of warmth to your blinds and your room. Ranging from 2 panels to 9 panels.

Track options:

Custom Blinds has five panel track options available.

These are; 1-channel track, 2-channel track, 3-channel track, 4-channel track and 5-channel track.

Features:

- ✓ Australian made
- ✓ 3 yr warranty
- ✓ Child safe
- ✓ Choice of track colours
- ✓ Custom made
- ✓ Optional timber or aluminium batten
- ✓ Optional pelmet
